

JUDY LEVINSON is a watercolor artist living in Miami Beach, Florida. Early works were in transparent watercolor. Today, she has moved to acrylics resulting in a powerful use of color.

Her paintings are displayed in the Witt Gallery in Lenox, Ma., The Beverly Hills Cancer Center in Los Angeles, California, Santa Clara Water Department Bldg. in California , Vitality Health & Wellness offices in Miami Beach. There are a dozen paintings on display at Tamarind on Normandy Isle, Miami Beach, and were included in "Sleepless Nights in Miami". They are also in many private collections throughout the United States.

The 3-D trees are sculpted in wood and are an exciting addition to her portfolio. Each of these trees is individual in concept. They represent the versatility and vibrancy of her art. Her trees impart in both children & adults a feeling of joy and contentment.

In 2008 & 2009 Judy began working with cardboard, combining it with paper & wood. These pieces are figurative and very large. Her art is continually evolving in presentation but her subject matter is still about her love of flowers, trees, color and family relationships.
